Professional Expertise

Elaina Pirro is an Associate Real Estate Broker with Cushman & Wakefield | Pyramid Brokerage Company, specializing in commercial real estate services. Elaina's first exposure to business and real estate was as part of a multi-generational family business. These experiences taught her the importance of a strong work ethic and how to work with others in providing superior customer service.

Elaina started and built a multi-discipline Chiropractic and Wellness office in Central New York, one of the first of its kind in 2001; she maintains ownership in this business and her healthcare experience lends itself to having a full appreciation for what it takes to make businesses work and to create viable opportunities. Elaina understands first-hand the importance to put the best deal together efficiently and effectively, whether it be for a tenant/buyer or landlord/seller.

Elaina graduated from Le Moyne College with a Bachelor of Arts, from the University of Buffalo with a Master's in Natural Science and a Doctor of Chiropractic from Northeast Health Sciences College (formerly New York Chiropractic College). She currently resides in Syracuse, NY with her husband and son.
